Chairperson's report

For the year ended 31 December 2023

Introduction

In 2016 MTN Group Limited (MTN Group) set up MTN Zakhele Futhi (RF) Limited (MTN Zakhele Futhi or the Company), a vehicle for qualifying black South Africans to invest in MTN Group, a leading emerging markets telecoms service provider.

MTN Zakhele Futhi has an approximate 4% shareholding in MTN Group. This investment is the Company's only material asset. The Company also administers the associated funding of this investment – being the preference shares subscribed for by third party debt providers and a notional vendor finance facility obtained from MTN Group.

On 25 November 2019, MTN Zakhele Futhi listed on the Black Economic Empowerment Segment of the Johannesburg Stock Exchange marking the end of the "Minimum Investment Period". The listing provides shareholders with the ability to trade their shares between qualifying black people and black groups on the open market during the remaining Empowerment Period (which ends on 22 November 2024).

80.6% of the shareholders subscribed for fewer than 500 ordinary shares showing the true broad-based nature of the scheme.

Impact of Global Economic Environment

On 12 March 2021, the MTN Group board suspended its dividend policy and communicated a revised medium-term dividend policy when it announced its 2021 results in March 2022. As MTN Zakhele Futhi's only material investment and asset consists of shares in MTN Group (MTN Group Shares), the Company is entirely dependent on the receipt of dividends from the MTN Group Shares. The suspension and revision of MTN Group's dividend policy has therefore had a significant impact on the ability of MTN Zakhele Futhi to continue as a going concern.

We would like to thank MTN Group and MTN Holdings for their ongoing commitment to and support of MTN Zakhele Futhi and its shareholders.

The amounts provided by MTN Holdings Limited (MTN Holdings) to address the liquidity issues faced by MTN Zakhele Futhi negatively impacted the gearing in the Company due to the interest-bearing nature of all funding provided by MTN Holdings. The MTN Zakhele Futhi board will continue with their efforts to protect the investment made by its shareholders.

Unwind

MTN Zakhele Futhi is scheduled to unwind in accordance with its terms on the 22 November 2024. This is in line with the transactional documents which govern the scheme.

Chairperson's report

For the year ended 31 December 2023

Financial performance

The Company's financial performance is based entirely on the MTN Group share price and any dividend declared and received from MTN Group during the year.

At 31 December 2023, the Company recognised a loss after taxation of R737,2 million (2022: loss after taxation of R973,5 million). The loss is attributable to the loss on the re-measurement of the derivative financial instrument. The loss on the re-measurement of the derivative financial instrument is largely due to the significant decrease in the MTN Group share price from R127,30 at 31 December 2022 to R115,50 at 31 December 2023.

The decrease in the MTN Group share price since the prior financial year also resulted in a fair value loss of R603,2 million (2022: R2 218,9 million loss) being recognised in the statement of comprehensive income.

Shareholder support (**IMPORTANT**)

Effective and efficient shareholder communication is essential to ensure that shareholders are kept up to date. The Company will continue to use SMS communication as its main means of communication. Notices of the Annual General Meeting (AGM) are being sent by email, SMS or post to all registered shareholders. To enable MTN Zakhele Futhi to effectively communicate with shareholders and maintain up to date records, shareholders are requested to notify the MTN Zakhele Futhi of all changes to their SMS contact details, postal address, status and banking details.

Shareholders, even those not wishing to trade their MTN Zakhele Futhi shares, are requested to register their share custodial and trading accounts and can elect to use either the facilitated stockbroker or an independent stockbroker. No shares may be bought or sold without a share trading account, so you are encouraged to do this well before the scheme ends.

We draw your attention to the fact that the process to replace Nedgroup Private Wealth as the trading and custody service provider for MTN Zakhele Futhi is advanced, and shareholders will be informed once the process is finalised. Shareholders will be provided with clear instructions on what steps to take via sms, email, the MTN Zakhele Futhi website and a Stock Exchange News Service of the JSE Limited announcement.

Please visit the MTN Zakhele Futhi website on www.mtnzakhelefuthi.co.za for details on how to register your share custodial and trading account, or how to submit your data changes.

Shareholders are encouraged to familiarise themselves with the information published from time to time on the MTN Zakhele Futhi website and we once again encourage all our shareholders to make sound investment decisions when electing to sell, hold or buy their MTN Zakhele Futhi shares in order to maximise the true value of their investment.

Prospects

Due to the nature and purpose of MTN Zakhele Futhi, its prospects are aligned with the prospects of the MTN Group. The MTN Zakhele Futhi board will continue with their efforts to provide support and value to its shareholders.

Annual General Meeting

Given the wider potential reach of a virtual AGM and lower costs thereof, the Company will once again hold its AGM through electronic means and shareholders will not be able to attend this meeting in person.

We would like to encourage shareholders to attend the annual general meeting to be held virtually. Further details of the time, date and venue are contained on pages 54 to 66 in the notice of AGM.

Chairperson's report

For the year ended 31 December 2023

Appreciation

I would like to thank my fellow board members, all our stakeholders and partners for their commitment and support to ensure that MTN Zakhele Futhi is a valuable investment for its shareholders.

In particular, I would also like to thank MTN Group for the valuable support we received.

Audit, risk & compliance committee report

For the year ended 31 December 2023

The MTN Zakhele Futhi audit, risk and compliance committee (the committee) presents its report in terms of section 94(7)(f) of the Companies Acts and as recommended by King IV in respect of the financial year ended 31 December 2023

Membership and meeting attendance

The Company constituted the audit, risk and compliance committee on 15 November 2016. Members of the committee are formally nominated by the board and ratified by the shareholders at the next annual general meeting. Members of the audit, risk and compliance committee were all independent non-executive directors of the Company. The composition of the committee and the attendance at meetings by its members are set out below:

Members	Attendance
Grant Gelink	3/3
Edward Pitsi	3/3
Belinda Mapongwana	3/3

Meeting attendance is for standard and ad-hoc meetings during the year.

Biographical details of members at 31 December 2023 are set out on pages 2 to 3 of this annual report.

The external auditors attend all audit, risk and compliance committee meetings. The committee meets at least twice a year.

The committee is satisfied that the members thereof have the required knowledge and experience as set out in Section 94(5) of the Companies Act and Regulation 42 of the Companies Regulation, 2011. Although Belinda Mapongwana also holds the position as Chairperson of the Board, the Committee believes that she meets the independence criteria as set out in the Companies Act and will be able to effectively discharge her duties. The effectiveness of the committee as a whole and its individual members are assessed on an annual basis.

The audit, risk and compliance committee perform the duties laid upon it by section 94(7) of the Companies Act, by holding meetings with the key role-players on a regular basis and by the unrestricted access granted to the external auditors.

Independence of the external auditor

The Company's external auditor is SizweNtsalubaGobodo Grant Thornton Inc. The fee paid to the auditor for the year under review is disclosed in note 13 to the annual financial statements.

The committee satisfied itself through enquiry that the external auditor is independent, as defined by the Companies Act and as per the standards stipulated by the auditing profession. Requisite assurance was sought and provided by the Companies Act that internal governance processes within the firm support and demonstrate the claim to independence.

The audit, risk and compliance committee agreed to the terms of the engagement. The audit fee for the external audit has been considered and approved, taking into consideration such factors as the timing of the audit, the extent of the work required and the scope.

Expertise and experience of finance function

The committee satisfied itself that the composition, experience and skills set in the finance function meets the Company's requirements.

The administration of the Company's statutory records and accounting is outsourced to Nedbank Limited, acting through its Share Scheme Administration Division.

The authority and responsibility for all management decisions lies with the board of directors.

Execution of functions of the audit risk and compliance committee

The committee is satisfied that, in respect of the financial year under review, it has discharged its duties and responsibilities in accordance with its terms of reference and in terms of the Companies Act.

The committee performed the following activities during the year under review:

Audit, risk & compliance committee report

For the year ended 31 December 2023

- reviewed the reports of the external auditors regarding their audit and where necessary requested appropriate responses from the service providers appointed by the board of directors;
- reviewed and approved the policy for non-audit services that may be provided by the external auditors. This policy sets out those services that may be provided by the external auditors and the required authorisation process;
- approved the non-audit related services, where applicable, performed by the external auditors during the year in accordance with the policy established and approved by the board;
- approved the fees and engagement terms of the external auditors for the 2023 audit;
- considered the independence and objectivity of the external auditors and ensured that the scope of additional services provided did not impair their independence;
- recommended the external auditors for reappointment; and
- reviewed legal matters that could have a significant impact on the organisation's annual financial statements.

After assessing the requirements set out in section 94(8)(a)-(c) of the Companies Act, the committee is satisfied with the independence and objectivity of the external auditors.

Following the review by the committee of the annual financial statements of the Company for the year ended 31 December 2023 and based on the information provided to it, the committee considers that, in all material respects, the Company complies with the provisions of the Companies Act, International Financial Reporting Standards and the Listing Requirements of the JSE Limited relating to Asset Backed Securities and that the accounting policies applied are appropriate and consistent. The committee recommended the Company's annual financial statements for the year ended 31 December 2023 for approval by the board on [8] March 2024.

The committee concurs with the board of directors that the adoption of the liquidation basis in preparation of the annual financial statements, is appropriate, as the scheme is scheduled to unwind on 22 November 2024.

Directors' responsibilities and approval

For the year ended 31 December 2023

The board of directors are required in terms of the South African Companies Act to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. The annual financial statements fairly present the state of affairs of the Company as at the end of the year and the results of its operations and cash flows for the year then ended, in conformity with International Financial Reporting Standards (IFRS) and the Listing Requirements of the JSE Limited relating to Asset Backed Securities. The external auditor is engaged to express an independent opinion on the annual financial statements.

The annual financial statements are prepared in accordance with IFRS and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The board of directors acknowledge that they are ultimately responsible for the system of internal financial control established by the Company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the Company and all employees of Nedbank Limited, in its capacity as the administrator of the Company, are required to maintain the highest ethical standards in ensuring the Company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the Company is on identifying, assessing, managing and monitoring all known forms of risk across the Company. While operating risk cannot be fully eliminated, the Company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The board of directors are responsible for the Company's system of internal control and are of the opinion that the systems of internal control provide reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The liquidation basis has been adopted in preparing the Company's annual financial statements. The board of directors have reviewed the Company's cash flow forecast for the 12-month period to 31 December 2024 and, in light of this review and the current financial position, they are satisfied that the Company has access to adequate resources to continue until the unwind which is scheduled on the 22 November 2024.

The external auditor is responsible for independently auditing and reporting on the Company's annual financial statements. The annual financial statements have been examined by the Company's external auditor and their report is presented on pages 15 to 18.

The annual financial statements set out on pages 19 to 52, were approved by the board on 8 March 2024 and were signed on their behalf by:

Director's report

For the year ended 31 December 2023

The board of directors have pleasure in presenting their report, for the year ended 31 December 2023.

MTN Zakhele Futhi is a special purpose company which only has non-executive directors and does not employ any employees. The Company has engaged various service providers with the necessary expertise and experience to provide all services required by MTN Zakhele Futhi to effectively carry out its functions and activities. The board of directors retain full authority and responsibility for all management decisions taken and carried out by its service providers.

The MTN Zakhele Futhi board recognises that, at the core of MTN Zakhele Futhi's corporate governance system, it is ultimately responsible and accountable for the performance and affairs of the Company. The board embraces the principles of good corporate governance as set out in the guidelines of the Code of Good Governance Principles for South Africa as laid out in the King Report on Corporate Governance. As required by the Listing Requirements of the JSE Limited relating to Asset Backed Securities the MTN Zakhele Futhi board has implemented the recommendations of the King Code through the application of the King Code disclosure and application regime.

The principles relating to the appointment of a Chief Executive Officer and Chief Financial Officer to the board to achieve a balance of power have not been applied. The Company has engaged service providers with the necessary expertise and experience to provide all services required by the Company in this regard, with the ultimate responsibility residing with the board of directors. This has been the case for the full period under review.

There is a policy evidencing a clear balance of power and authority at board level to ensure that no director has unfettered powers of decision making.

MTN Zakhele Futhi is committed to business integrity, transparency and professionalism in all its activities to ensure that it acts ethically and responsibly to enhance the value of its business and benefit of all stakeholders.

The material risks applicable to MTN Zakhele Futhi are available in the Pre-Listing Statement issued on 11 November 2019. The Pre-Listing Statement is available on <https://www.mtnzakhelefuthi.co.za/docs>. Further disclosure in respect of this risk and the resulting impact on MTN Zakhele Futhi has been provided in Note 8, Note 21 and Note 25 of the annual financial statements.

1. Incorporation and nature of business

MTN Zakhele Futhi was incorporated as a public company under the laws of the Republic of South Africa on 21 June 2016.

The Company is incorporated as the special purpose investment vehicle to effect MTN Group's Broad Based Black Economic Empowerment (BBBEE) transaction. The implementation of the scheme followed the approval of the necessary elements of the BBBEE transaction by the shareholders of MTN Group on 7 October 2016.

MTN Zakhele Futhi is engaged in acquiring and holding shares in MTN Group on behalf of the participating black public.

Due to the nature of the Company, MTN Zakhele Futhi has received a condonation from the Companies Tribunal of the Republic of South Africa from establishing a Social and Ethics Committee. This condonation is in place for a five-year period from 7 February 2024 which was the date on which the decision was granted...

During the financial year, MTN Zakhele Futhi was in compliance with the provisions of the Companies Act and applicable laws of the Republic of South Africa and was operating in conformity with its Memorandum of Incorporation.

2. Operating and financial review

3. Share capital

The issued share capital consisted of 8 ordinary shares issued on incorporation at no par value. A total of 123 416 818 ordinary shares were issued subsequently on 23 and 24 November 2016 as part of the BBBEE transaction. The shares were issued at R20 per share on the date of issue.

The ordinary shares were listed on the JSE Limited on 25 November 2019.

Director's report

For the year ended 31 December 2023

4. Dividends

No ordinary dividends were declared or paid during the current or prior year.

5. Directorate

The Company has a unitary board comprising of four non-executive directors and is committed to ensuring that there is a clear balance of power and authority at the board of directors' level. This is evident in the Memorandum of Incorporation where the powers of the board of directors have been clearly stipulated. The aim is to promote objectivity and reduce the possibility of conflicts of interest.

The board of directors of the Company in office for the period of this report are as follows:

Director	Appointment / Resignation
Sindisiwe Mabaso-Koyana	Appointed 6 June 2017
Grant Gelinck	Appointed 9 June 2017

Independent auditor's report to the shareholders of MTN Zakhele Futhi (RF) Limited**Opinion**

We have audited the financial statements of MTN Zakhele Futhi (RF) Limited ("the company"), set out on pages 19 to 53, which comprise the statement of financial position as at 31 December 2023, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of MTN Zakhele Futhi (RF) Limited as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act of South Africa.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors ("IRBA Code") and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards).

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter - Going Concern

We draw attention to note 1.2 to the financial statements which describes the basis of preparing the financial statements. The company will wind up its operations within the next 12 months as a result of the mandatory redemption of the preference shares. In order to settle the outstanding debt, the company will have to utilise the sale of its shares in the MTN Group Limited. The financial statements therefore have not been prepared on a going concern basis.

Our opinion is not modified in respect of this matter.

Independent auditor’s report to the shareholders of MTN Zakhele Futhi (RF) Limited

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters:

Key audit matter	How the matter was addressed in the audit
<p>Derivative financial instrument</p> <p><i>Refer to notes 3, and 25 of the annual financial statements for detailed disclosure of the derivative financial instrument</i></p> <p>The derivative financial instrument is classified as a financial instrument at fair value through profit or loss. The company obtained notional vendor finance (“NVF”) to facilitate the purchase of the MTN Group Limited (“MTN Group”) shares. MTN Group issued 25 721 165 NVF shares to the company at a total subscription price of R2 572 on 23 November 2016. MTN Group has a call option against the company in respect of the shares included in the NVF facility.</p> <p>As of 31 December 2023; financial liabilities carried at fair value through profit or loss represented 8% of total financial liabilities classified as level 3 in the fair value hierarchy as prescribed by IFRS 13 Fair Value Measurement.</p> <p>Financial instruments that are classified as level 2 or level 3 in the fair value hierarchy will have some element of estimation uncertainty inherent in their value, and the uncertainty is higher for level 3 financial instruments which, by their nature, are unobservable. Other information

The directors are responsible for the other information. The other information comprises the information included in the document titled "MTN Zakhele Futhi Annual Financial Statements for the year ended 31 December 2023", which includes the Directors' Report, the Audit, risk and compliance committee report and the Company secretary's certification as required by the Companies Act of South Africa. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent auditor's report to the shareholders of MTN Zakhele Futhi (RF) Limited

Auditor's responsibilities for the audit of the financial statements (continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Accounting policies

For the year ended 31 December 2023

1. Significant accounting policies

The principal accounting policies applied in the preparation of these annual financial statements are set out below.

1.1 General Information

MTN Zakhele Futhi is an investment company that was specifically formed to facilitate the implementation of a BBBEE transaction by MTN Group aimed at maintaining MTN Group's BBBEE status in support of South Africa's Broad Based Black Economic Empowerment Codes of Good Practice.

MTN Zakhele Futhi is a public company incorporated in the Republic of South Africa. The Company has registered its office at 135 Rivonia Road, Sandown, 2196, Johannesburg.

1.2 Basis of preparation

The annual financial statements have been prepared on the liquidation basis in accordance with, and in compliance with, International Financial Reporting Standards (IFRS) and International Financial Reporting Interpretations Committee (IFRIC) interpretations issued and effective at the time of preparing these annual financial statements, the Companies Act, as amended and the Listings Requirements of the JSE Limited relating to Asset Backed Securities.

These annual financial statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

The annual financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the principal accounting policies set out below. They are presented in Rands, which is the Company's functional currency.

Amounts are rounded to the nearest thousand.

The preparation of annual financial statements in conformity with IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period based on management's best knowledge of current events and actions.

It also requires management to exercise their judgement in the process of applying the Company's accounting policies. Actual results may differ from these estimates. Refer to note 1.13 for the critical accounting estimates and judgements used in the preparation of the annual financial statements.

In preparing the financial statements, the liquidation basis has been applied, this is due to the scheduled unwind date of 22 November 2024. The company has not deviated from IFRS measurement models in preparing these financial statements.

1.3 Financial instruments

Financial assets and financial liabilities are recognised on the Company's statement of financial position when the Company becomes a party to the contractual provisions of the financial instrument.

Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Accounting policies

For the year ended 31 December 2023

1.3 Financial instruments (continued)

Classification and measurement

The Company classifies financial assets and financial liabilities into the following categories:

- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial liabilities at amortised cost

Classification is determined by both the Company's business model for managing the financial instrument and the contractual characteristics of the financial instrument. Classification is re-assessed on an annual basis, except for derivatives and financial instruments designated as at fair value through profit or loss, which shall not be classified out of the fair value through profit or loss category.

All income and expenses relating to financial instruments that are recognised in profit or loss are presented within finance costs, finance income or dividends received, except for the impairment losses which are presented within other operating expenses.

Financial instruments are recognised initially at fair value, for instruments not at fair value through profit or loss, adjusted for any directly attributable transaction costs. Subsequent to initial recognition financial instruments are measured as described below:

- **Financial assets at fair value through profit or loss**

Financial assets at fair value through profit or loss are financial assets with a different business model other than "hold to collect" or "hold to collect and sell". Furthermore, irrespective of the business model, financial assets whose contractual cash flows are not solely payments of principal and interest (SPPI) are accounted for at FVTPL. Derivative financial instruments fall into this category unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

Assets in this category are measured at fair value with gains and losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

- The Company has made the irrevocable election to account for the investment in MTN shares, not classified as a derivative financial instrument, at fair value through other comprehensive income.

- **Financial assets at amortised cost**

Financial assets are measured at amortised cost if the asset meets the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

They are included in current assets except for maturities greater than 12 months after the end of the reporting period which are classified as non-current. After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The entity's financial assets measured at amortised cost comprise other receivables and cash and cash equivalents.

Accounting policies

For the year ended 31 December 2023

1.3 Financial instruments (continued)

- **Financial assets at fair value through other comprehensive income**

- The Company has made the irrevocable election, in terms of IFRS 9 financial instruments, par.5.7.5 to account for the investment in MTN Group shares, not classified as a derivative financial instrument, at fair value through other comprehensive income. This election has been made due to the nature of the asset and the business model applied in managing this financial instrument.

Any gains and losses recognised in other comprehensive income will not be recycled upon de-recognition of the asset.

- **Financial liabilities at amortised cost**

Financial liabilities comprise trade and other payables, borrowings, the advance received from MTN Holdings and other non-current liabilities (excluding provisions).

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Company has designated a financial liability at fair value through profit or loss. Subsequently, financial liabilities are measured at amortised cost using the effective interest method.

Borrowings and the advance received from MTN Holdings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Refer to note 1.7 below for the accounting policy applicable to the preference shares and advance received from MTN Holdings.

De-recognition and Modifications

Financial assets are derecognised when the contractual rights to receive cash flows from the financial asset have expired or when the financial asset and substantially all the risks and rewards of ownership are transferred.

Financial liabilities are derecognised when:

- the contractual rights or obligations specified in the contract expire or are extinguished, discharged, or cancelled;
- they are transferred and the derecognition criteria of IFRS 9 are met; or
- the contractual terms of the instrument are substantially modified and the derecognition criteria of IFRS 9 are met.

If the contractual cash flows of a financial liability measured at amortised cost are modified (renegotiated or rescheduled), the Company considers whether this is a substantial modification to the original terms. If the changes are considered to be a substantial modification, the Company derecognises the original financial liability and recognises a “new” liability at fair value, adjusted for transaction costs. Differences in the carrying amount are recognised in profit or loss as a gain or loss on derecognition. If the changes are considered to be an unsubstantial modification, the Company does not derecognise the original financial liability. In such instances a modification gain or loss is calculated as the difference between the present value of the “new” cash flows discounted at the “old” effective interest rate and the carrying value of the financial liability on the date of modification. The modification gain or loss is recognised in the profit or loss.

Fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A number of the Company’s accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair value has been determined for measurement and/or disclosure purposes based on the methods described below. When applicable, further information about the assumptions made in determining fair values is disclosed in the note specific to that asset or liability.

Transfers between fair value levels (level 1, level 2 and level 3) occur when a manner in which the fair value is determined has changed.

Accounting policies

For the year ended 31 December 2023

1.3 Financial instruments (continued)

- **Investment in equities**

Investments in equities are measured at fair value through other comprehensive income. The fair value of the investments in equities are determined by reference to their quoted closing bid price at the reporting date.

- **Other receivables**

Other receivables are classified as financial assets measured at amortised cost. The fair value of other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date, unless it is short-term in nature, in which case its amortised cost approximates fair value.

- **Derivative financial instrument**

Derivative financial instruments are classified at fair value through profit or loss.

A derivative is a financial instrument or other contract with all of the following characteristics:

- it's value changes in response to a change in a specified interest rate, financial instrument price, commodity price, foreign exchange or other variable;
- it requires no initial net investment or an initial investment that is smaller than would be for other types;
- it is settled at a future date. Derivatives are classified at fair value through profit or loss.

Derivative financial instruments are initially recognised at fair value on the date the derivative contract is entered into and attributable transaction costs are expensed. Subsequently, derivative financial instruments are remeasured at their fair value and movements are recognised immediately in profit or loss.

The fair value of the derivative financial instrument which relate to the existing option, is estimated using valuation techniques. A Monte Carlo methodology was adopted to value the option. The Monte Carlo simulation allows for the option model to consider the dependencies which exist between the company value, the dividends paid, the notional funding value and the remitted value. Refer to note 3 for the respective assumptions used in the valuation.

- **Non-derivative financial liabilities**

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date, unless it is short-term in nature, in which case its amortised cost approximates fair value.

Impairment of financial assets

In relation to the impairment of financial assets, IFRS 9 requires an expected credit loss model. The expected credit loss model requires the company to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition of the financial asset. It is no longer necessary for a credit event to have occurred before credit losses are recognised.

IFRS 9 requires the company to recognise a loss allowance for expected credit losses on:

- trade receivables; and
- debt investments measured subsequently at amortised cost or at FVOCI.

In particular, IFRS 9 requires the company to measure the loss allowance for a financial instrument at an amount equal to the lifetime expected credit loss (ECL) if the credit risk on the financial instrument increased significantly since the initial recognition or if the financial instrument is a purchased or originated credit-impaired financial asset. However, if the credit risk on a financial instrument has not increased significantly since initial recognition (except for a purchased or originated credit – impaired financial asset), the Company is required to measure the loss allowance for that financial instrument at an amount equal to 12 months ECL. IFRS 9 also requires a simplified approach for measuring the loss allowance at an amount equal to lifetime ECL for trade receivables in certain circumstances.

Accounting policies

For the year ended 31 December 2023

1.3 Financial instruments (continued)

Impairment of financial assets (continued)

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('stage 1');
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('stage 2'); and
- financial assets that have objective evidence of impairment at reporting date ('stage 3').

An ECL assessment has been performed for all qualifying financial assets in accordance with IFRS 9. No impairment loss has been identified through this assessment.

1.4 Other receivables

Other receivables consist of accrued interest on the call accounts and prepayments relating to administration expenses that were paid in advance.

1.5 Trade and other payables

Trade and other payables are initially measured at fair value less transaction costs and are subsequently measured at amortised cost, using the effective interest method. These payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held on call and investments in money market instruments, net of bank overdrafts, all of which are available for use by the Company. Bank overdrafts are included within current liabilities on the balance sheet unless the entity has a legally enforceable right to set off the amounts and intends to settle on a net basis or realise the asset and settle the liability simultaneously.

Restricted funds are deposits held and are not available for use by the Company, as these are legally due to unidentified depositors.

1.7 Borrowings (Preference shares/Advance received from MTN Holdings)

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities. The dividends on these preference shares are recognised in the statement of profit or loss as interest expense.

1.8 Tax

Current tax assets and liabilities

Current tax is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of the current period exceeds the amount due for this period, the excess is recognised as an asset.

Current tax liabilities (assets) are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Accounting policies

For the year ended 31 December 2023

1.8 Tax (continued)

Deferred tax assets and liabilities

Deferred tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the annual financial statements.

A deferred tax liability is recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax asset is not recognised when it arises from the initial recognition of an asset or liability in a transaction which, at the time of the transaction, affects neither accounting profit nor taxable profit/(tax loss).

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Tax expense

The tax (credit)/expense for the period comprises current and deferred tax.

Current and deferred taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised:

- in other comprehensive income; or
- directly in equity.

Current tax and deferred taxes are charged or credited to other comprehensive income if the tax relates to items that are credited or charged, in the same or a different period, to other comprehensive income.

Current tax and deferred taxes are charged or credited directly to equity if the tax relates to items that are credited or charged, in the same or a different period, directly in equity.

1.9 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are classified as equity. Mandatorily redeemable preference shares are classified as liabilities (note 1.7).

Incremental external costs directly attributable to the issue of new shares or options, other than in connection with a business combination, are shown in equity as a deduction, net of tax, from the proceeds.

1.10 Dividends payable

Dividends payable are recognised as a reduction from equity in the period in which they are approved by the Company's shareholders.

Accounting policies

For the year ended 31 December 2023

1.11 Income recognition

Interest income

Interest income is recognised using the effective interest method. When a loan and receivable is impaired, the entity reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument and continues unwinding the discount as interest income. Interest income on impaired loan and receivables are recognised using the original effective interest rate.

Dividend income

Dividend income is recognised in profit or loss when the right to receive payment is established.

1.12 Directors' emoluments

Remuneration to directors in respect of the services rendered during the reporting period is expensed in that reporting period.

1.13 Significant judgements and sources of estimation uncertainty

Estimates and judgements are continually evaluated and are based on several factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

Critical judgements in applying accounting policies

The critical judgements made by management in applying accounting policies, apart from those involving estimations, that have the most significant effect on the amounts recognised in the annual financial statements, are outlined as follows:

Income taxes

Where applicable tax legislation is subject to interpretation, the Company makes assessments, based on expert tax advice, of the relevant tax that is likely to be paid and provides accordingly. When the final outcome is determined and there is a difference, this is recognised in the period in which the final outcome is determined.

For purposes of the annual financial statements, the Company have assumed that the tax will be borne by the Company. Deferred tax has been calculated at capital gains tax rate as the increase in the investment in MTN Group shares will only be realised on the sale thereof.

Fair value of derivatives and other financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The derivative instrument is based on assumptions as set out in note 3, these judgements and estimates are subject to change.

The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

Accounting policies

For the year ended 31 December 2023

1.13 Significant judgements and sources of estimation uncertainty (continued)

Impairment of fair value through other comprehensive income financial assets

The Company follows the guidance of IFRS 9 to determine when a fair value through other comprehensive income equity investment is impaired. This determination requires significant judgement.

In determining the need to impair the other comprehensive income equity instrument, the Company evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost; and the financial health of and short-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flow.

The Company determines that fair value through other comprehensive income equity instruments are impaired and recognised as such in other comprehensive income when there has been a significant or prolonged decline in the fair value below its cost. In making this judgement, the Company evaluates, among other factors, the normal volatility in the fair value. In addition, the impairment may be appropriate when there is evidence of a deterioration in the financial health of the investee, industry or sector, or operational and financing cash flows or significant changes in technology.

There is no evidence of impairment of the MTN Group Shares held by the Company at year end.

1.14 Expenses

All expenses have been accounted for on the accrual basis. The expenditure is classified in accordance with the nature of the expense.

Expenses for the Company include expenses of Jabisan 04 (RF) Proprietary Limited (Jabisan 04) and the BFC 2 Owner Trust.

Administration expenses of the Company and Jabisan 04 are limited to the amounts set out in clause 3.1 of Annexe A of the Company's Memorandum of Incorporation i.e. R15 million per annum prior to the commencement of the BEE Listing Period (as defined in the Company's Memorandum of Incorporation), with an escalation allowance each year of the higher of 10% per annum or year-on-year changes in the CPI, on written approval of the Preference Share Agent and MTN Group plus the Administration Contingency Amount, plus an amount not exceeding R5 million in aggregate over the term of the Transaction (as defined in the Company's Memorandum of Incorporation) in relation to the specific categories of costs and expenses set out in clause 3.1.2 of Annexe A of the Company's Memorandum of Incorporation.

Administration expenses include all service provider expenses payable by the Company per the Transaction Documents (as defined in the Company's Memorandum of Incorporation).

The investment consists of 51 114 213 (2022: 51 114 213) MTN Group shares. The total investment together with the derivative financial instrument (refer note 3) comprises approximately 4% of MTN Group's issued share capital.

The shares were acquired for cash at a price of R4 593 511 342 on 23 November 2016.

The fair value of the investment is based on a quoted market price of R115,50 (2022: R127,30) per share as listed on the JSE Limited at 31 December 2023. The total loss recorded in other comprehensive income for the current financial year is R603 147 713, with a loss in the previous financial year (2022: R2 218 867 986).

3. Derivative financial instrument

As part of the implementation of the MTN Group BBBEE scheme, MTN Zakhele Futhi obtained notional vendor finance (NVF) to facilitate the purchase of MTN Group Shares. MTN Group issued 25 721 165 NVF shares to MTN Zakhele Futhi at a total subscription price of R2 572 on 23 November 2016. MTN Group has a call option against MTN Zakhele Futhi in respect of the shares included in the NVF facility.

The notional outstanding debt at a given point in time is dependent on the dividends generated by MTN Group during the life of the option. The structure therefore represents a path dependent option. The Monte Carlo simulation was applied as the valuation technique, which is in line with standard market practice.

The value of the option at year end was a liability of R2 589 882 488 (2022: R1 598 853 036). The significant inputs into the model were the market share price of MTN Group Shares of R115,50 (2022: R127,30), volatility of 30,87% (2022: 38,54%), a dividend yield of 2,81% (2022: 2,95%) and an expected option life of eight years from inception and an annual risk-free rate of 8,06% (2022: 7,71%).

3. Derivative financial instrument (continued)

In terms of the NVF agreement, the notional funding provided by MTN Group earns notional interest at 80% of Prime (NACM).

The notional vendor balance accrued R488 million (2022: R340 million) in interest for the year ended 31 December 2023. The notional vendor finance at year end was R5 620 million (2022: R5 132 million)

R3 453 992 (2022: R3 259 350) is held by the Company for unsuccessful applicants that need to be refunded due to the fact that bank deposit references did not allow their deposits to be matched to their application for MTN Zakhele Futhi shares. This resulted in shares not being allocated to these applicants during the initial offer period. Funds are being refunded as and when applicants present themselves. The Company is not obliged to pay interest to the applicants on the amounts refundable. These funds are not available to the Company for its own use and are therefore classified as restricted funds.

The above borrowings have been indirectly secured through the back-to-back preference shares issued by Jabisan 04.

MTN Zakhele Futhi issued cumulative redeemable non-participating MTN Zakhele Futhi preference shares (MTN Zakhele Futhi preference shares) to Jabisan 04 on 23 November 2016 at an issue price of R1 000 per MTN Zakhele Futhi preference share. The MTN Zakhele Futhi preference shares were redeemable after 5 years from the date of issue i.e. 23 November 2021. During December 2020 the scheduled redemption date was extended to 23 November 2022. In addition, during September 2021, agreements were concluded in relation to amendments to the terms of the MTN Zakhele Futhi preference shares and the refinancing of the Jabisan 04 preference share funding agreements and the holders of the cumulative redeemable preference shares agreed to extend the scheduled redemption date of the Jabisan 04 preference shares and the MTN Zakhele Futhi preference shares to 22 November 2024, i.e. 8 years from the issue date.

8. Borrowings (continued)

The revised terms of the preference shares, including the MTN Zakhele Futhi preference shares include a favourable change to the dividend rate applicable to the preference shares, being a reduction of 2.5% from 75% to 72.5% of the prime lending rate quoted by FirstRand Bank Limited (acting through its Rand Merchant Bank division), expressed as a simple rate of interest (compounded on each scheduled preference dividend date).

The MTN Zakhele Futhi preference shares accrue dividends (in arrears), which are payable on 30 April and 30 September over the term of the MTN Zakhele Futhi preference shares, or such earlier or later date as may be agreed in writing by MTN Zakhele Futhi and the Preference Share Agent at least 5 business days prior to 30 April or 30 September of any year during the term of the MTN Zakhele Futhi preference shares. Subject to the relevant conditions, the accrued dividends may be rolled up to the agreed maximum amount (being an amount calculated on the date the relevant priority of payments set out in the memorandum of incorporation of MTN Zakhele Futhi, equal to no more than 105% of the issue price of the unredeemed MTN Zakhele Futhi preference shares plus all accrued and/or accumulated preference share dividends in relation to such shares).

MTN Zakhele Futhi is structured robustly and is supported by MTN Group in multiple ways. Over the eight-year life of the scheme, the potential for unforeseen, but material and sudden, movements in market prices were provided for, and a mechanism was included in the Transaction Documents to enable MTN Group (or other permitted MTN Group company) to voluntarily take over the third-party funding in these circumstances, through the exercise of a call option to purchase the unredeemed preference shares.

The MTN Zakhele Futhi preference shares are subject to a trigger event if the one day VWAP of the MTN Group Shares is R38 or less. This trigger event was revised during 2021, with the consent of the MTN Zakhele Futhi shareholders, the preference shareholders, the Company and MTN Group, from a one-day VWAP of R50 to a one-day VWAP of R38. The MTN Zakhele Futhi preference shares are also subject to the following debt covenants:

The Total Share Cover Ratio is, as at any date, the ratio A:B where:

- A is the number of MTN Group shares reflected in the Subject Share Security Account multiplied by the Five Day VWAP of the MTN Group shares; and
- B is (a) the aggregate MTN Zakhele Futhi Redemption Amount (excluding any MTN Zakhele Futhi Margin Dividend) of the MTN Zakhele Futhi unredeemed preference shares as at that date calculated on the basis that the MTN Zakhele Futhi unredeemed preference shares were to be redeemed on that date; less (b) the aggregate of all amounts standing to the credit of the Jabisan 04 Collection Account, MTN Zakhele Futhi Collection Account, the MTN Zakhele Futhi Security Account, Jabisan 04 Top up Loan Account and the MTN Zakhele Futhi Top up Loan Account on that date.

The Volatility Protection Share Cover Ratio is, at any date, the ratio of A:B where:

- A is the MTN Group shares in the Subject Share Security Account multiplied by the one-day VWAP of the MTN Group Shares; and
- B is (a) the aggregate MTN Zakhele Futhi Redemption Amount (excluding any MTN Zakhele Futhi Margin Dividend) of the MTN Zakhele Futhi unredeemed preference shares as at that date calculated on the basis that the MTN Zakhele Futhi unredeemed preference shares were to be redeemed on that date; less (b) the aggregate of all amounts standing to the credit of the Jabisan 04 Collection Account, MTN Zakhele Futhi Collection Account, the MTN Zakhele Futhi Security Account, Jabisan 04 Top up Loan Account and the MTN Zakhele Futhi Top up Loan Account on that date.

If the above covenants are triggered the holders of the back-to-back preference shares issued by Jabisan 04 will, amongst other things, have the right to enforce the sale of sufficient MTN Group Shares to repay their outstanding debt.

There are no continuing trigger events and MTN Zakhele Futhi is in compliance with its debt covenant requirements at year end.

The following security and credit support are held as at 31 December 2023:

First Ranking Guarantee, given by MTN Zakhele Futhi in respect of the obligations of Jabisan 04 under the Jabisan 04 preference shares (cumulative redeemable non-participating preference shares) issued by Jabisan 04 to the Jabisan 04 Preference Shareholders on 23 November 2016.

MTN Zakhele Futhi Pledge and Cession given by MTN Zakhele Futhi in favour of the Jabisan 04 Preference Shareholders in terms of which MTN Zakhele Futhi pledges and cedes in security the Subject Shares (the MTN Group shares held by MTN Zakhele Futhi from time to time) for its obligations under the First Ranking Guarantee.

MTN Zakhele Futhi Reversionary Pledge and Cession by MTN Zakhele Futhi in favour of MTN Group and MTN Holdings Limited and each Subordinated MTN Acceded Nominee (MTN Group Entities) in terms of which MTN Zakhele Futhi pledges and cedes in security its Primary Reversionary Rights to the Subject Shares (the MTN Group shares held by MTN Zakhele Futhi from time to time) for its obligations in respect of certain Transaction Documents.

MTN Zakhele Futhi Account Cession by MTN Zakhele Futhi in favour of the Jabisan 04 Preference Shareholders in terms of which MTN Zakhele Futhi cedes in security the MTN Zakhele Futhi Account Rights (and any other assets designated as Collateral) for its obligations under the First Ranking Guarantee.

21. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to the liquidation basis other than the going concern assumption. The financial statements are prepared on the basis that the scheme will unwind on the 22 November 2024. This basis presumes that assets will be available to settle all current liabilities through the realisation of assets, settlement of contingent obligations and any commitments that will occur in the ordinary course of business.

The board of directors have assessed the going concern assumption after consideration of the following:

- Should cash resources once again become strained, (including as a result of the dividend roll up mechanism in relation to the Company's preference shares not being available to the Company, the Company's board of directors would consider the possibility of financial assistance from MTN, and other considerations as determined by the MTN ZF Board and MTN. This would assist in providing MTN Zakhele Futhi with improved liquidity to meet its obligations which have been classified as current liability, as the debt is due and payable within 12 months.
- The Company's only asset is the 76 835 378 ordinary shares held in MTN Group. MTN Zakhele Futhi is entirely dependent on the dividends received from MTN Group and any appreciation in the MTN share price to generate income.
- As per MTN SENS announcement on the 14th August 2023, MTN has indicated a minimum ordinary dividends per share of 330 cents for 31 December 2023 year end. This will ensure that, subject to application of the preference share dividend roll up mechanism referred to above, MTN Zakhele Futhi has enough cash to meet its preference share obligations and operational requirements for the next 12 months.
- The Company is scheduled to be winding up on 22 November 2024. The enclosed statement of financial position has taken this into consideration and reclassified the entire non-current liability to current liability and the non-current asset has been reclassified to current asset. This effectively means that the preference share debt needs to be repaid on the 22 November 2024 and that the available for sale asset can be utilised to settle all the outstanding obligations subject to the necessary approvals.

Based on the above and the Company's forecasts and projections, taking account of reasonable possible changes in investment performance, the annual financial statements have been prepared on the liquidation basis as the scheme will unwind on the 22 November 2024.

22. Events after the reporting period

The arbitration regarding the fee dispute is ongoing. A new service provider for the scheme is expected to be announced in due course.

The scheme is currently scheduled to unwind on 22 November 2024.

The MTN share price has declined significantly since the beginning of the year, the share price has declined by 39%, currently trading around the R82.63 per share. This decline has a material impact on the scheme in terms of the Net Asset Value. Refer to note 28.

No other significant events have occurred between the reporting date and 8 March 2024 that require adjustment or disclosure.

23. Contingencies, commitments and guarantees

A dispute has arisen between MTN Zakhele Futhi and a service provider regarding fees payable which resulted in arbitration.

25. Financial risk management and financial instruments

a. Financial risk management

The Company has exposure to the following risks from its use of financial instruments: credit risk, liquidity risk and market risk (price risk and interest rate risk). This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these annual financial statements.

b. Fair value estimation

In terms of IFRS 13, *Fair Value Measurement*, financial instruments that are measured in the statement of financial position at fair value require disclosure of the fair value by level in terms of the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices)
- Level 3: Inputs for assets or liabilities that are not based on observable market data (that is, unobservable inputs).

The Company's policy is to recognise transfers into and transfers out of the fair value hierarchy at the date of the event or change in circumstances that caused the transfer. During the year under review there have been no transfers between any of the levels.

The fair value of the investment in equity financial assets is based on the MTN Group share price, as listed on the JSE Limited. The fair value of the derivative financial asset is based on a valuation model. The input to this model includes the MTN Group share price, which is an observable input in the market. Other inputs include interest rates on borrowings and dividend rates on the preference share funding, which inputs are not observable in the market. The assumptions and model used are disclosed in note 3.

The table below presents the Company's assets and liabilities that are measured at fair value (where the fair value does not approximate the financial instruments carrying amount) and those measured at amortised cost whose fair value is disclosed.

d. Financial assets

Price risk

The Company is exposed to equity securities price risk because investments held by the Company which are classified on the statement of financial position as financial assets at fair value through other comprehensive income. The Company's exposure to equity securities price risk is limited to the MTN Group share price.

The table below summarises the impact of increases/(decreases) of the MTN Group share price. The analysis is based on the assumption that the MTN Group share price had increased/(decreased) by 10% with all other variables held constant.

		Impact on other comprehensive income before tax	
		31 December 2023	31 December 2022
		R'000	R'000
10%	increase	590 369	650 683
10%	decrease	(590 369)	(650 683)

e. Borrowings

Cash flow and fair value interest risk

The entity's interest rate risk arises from long-term borrowings by means of preference shares and the advance received from MTN Holdings which are based on variable rates. Borrowings issued at variable rates expose the Company to cash flow interest rate risk, which is partially offset by cash held at variable rates.

The Company analyses its interest rate exposure periodically. Scenarios are generally simulated taking into consideration repricing of preference share funding in terms of the derivative model to further reduce exposure to interest rate changes and, in certain cases refinancing, renewal of existing positions and alternative financing. Based on these scenarios, the Company calculates the impact on profit and loss of a defined interest rate shift. The scenarios are run only for liabilities that represent the major interest-bearing positions.

Notes to the Annual Financial Statements

For the year ended 31 December 2023

25. Financial risk management and financial instruments (continued)

Sensitivity analysis

The Company has used a sensitivity analysis technique that measures the estimated change to the statement of profit or loss and other comprehensive income of an instantaneous increase or decrease of 1% (100 basis points) in market interest rates, from the rate applicable at 31 December 2020, for each class of financial instrument, with all other variables remaining constant. This analysis is for illustrative purposes only, as in practice, markets rarely change in isolation.

Changes in the above market interest rates at the reporting date would have increased/(decreased) profit before tax by the amounts shown below.

The analysis has been performed on the basis of the change occurring at the start of the reporting period and assumes that all other variables remain constant.

		Upward change in interest rate	Downward change in interest rate
		R'000	R'000
31 December 2023			
1%	movement	8 853 977	(9 870 063)
31 December 2022			
1%	movement	6 739 430	(6 791 545)

f. Liquidity risk

The Company's risk to liquidity is a result of the funds available to cover future commitments. The Company manages liquidity risk through an on-going review of future commitments and credit facilities.

The Company ensures it has sufficient cash on demand (currently the company is maintaining a positive cash position) to meet expected operational expenses, including the servicing of financial obligations; and having regard to the limitation of the cash flow waterfall provided in the funding agreements.

The Company is primarily dependent on dividends from MTN Group to service its obligations and to a very small extent on interest received. The liquidity risks are considered high due to the Company being dependent on the receipt of a dividend from MTN to service its financial obligations.

The Company however remains confident that the available cash resources and borrowing facilities, will be sufficient to meet its funding requirements. Subject to the rights of the preference shareholders, cash may also be used to repay the NVF to MTN Group. Refer to Note 21 for further information impacting the Company's liquidity.

The cash and cash equivalents exclude the restricted funds of R3,5 million (2022: R3,3 million) due to unidentifiable applicants as this cash is not available to the Company for use.

Available liquid resources, subject to the securities described in note 8 are as follows:

	31 December 2023	31 December 2022
	R'000	R'000
Cash at bank and on hand	68 879	23 230

The table below analyses the Company's financial liabilities and net-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

g. Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Company consists of debt, which includes the preference share liabilities (excluding derivative financial liabilities) (disclosed in notes 8), advance from MTN Holdings (disclosed in note 10), cash and cash equivalents (disclosed in note 5), and equity as disclosed in the statement of financial position.

Income generated by the entity will first be utilised for the purpose of settling any obligations in respect of borrowings before dividends are declared.

The borrowings (preference shares) have debt covenants, the details of which have been included in note 8. The security and credit support disclosed in note 8 have a remaining contractual period up to the final discharge of the obligations under the funding documents, which is expected to be 22 November 2024.

h. Credit risk

Credit risk, or the risk of financial loss to the Company rises due to counterparties not meeting their contractual obligations.

Credit risk is managed on an entity basis. Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and outstanding receivables. The Company deposits cash only with major banks with high-quality credit standings and limits exposure to any one counterparty. There are no material receivables and all financial assets are fully performing with no history of defaults.

The Company will continue to manage its credit risk relating to financial instruments by only transacting with credit-worthy counterparties.

Notes to the Annual Financial Statements

For the year ended 31 December 2023

25. Financial risk management and financial instruments (continued)

The Company's maximum exposure to credit risk is represented by the carrying amount of the financial assets that are exposed to credit risk.

There are no financial assets held that are past due and not impaired.

Cash and cash equivalents

The cash and cash equivalents are held at FirstRand Bank. This financial institution is a highly rated entity in the South African environment and the credit quality of this institution has therefore been assessed as acceptable.

26. Dividend income

MTN Zakhele Futhi holds 51 114 213 MTN Group shares as a fair value through other comprehensive income financial asset (note 2) and 25 721 165 MTN Group Listed shares through an NVF facility (note 3). The Company held 76 835 378 MTN Group shares throughout the financial year.

The total dividend income received by MTN Zakhele Futhi from MTN Group during the financial period was R253 556 747 (2022: R230 506 134).

There are no items included in the calculation of profit attributable to shareholders which are required to be excluded in terms of circular 2/2015, Headline Earnings, in the calculation of headline earnings per share.

28. Net Asset Value

The Net Asset Value Per Share (NAVPS) is a metric used to assess the value of one share. The NAVPS is obtained by dividing the net asset value of the scheme by the number of outstanding shares. Refer to note 22.

$$\begin{aligned}
 \text{Net Asset Value} &= (\text{Total Assets} - \text{Total Liabilities}) / \text{Total number of Outstanding Shares} \\

29 New standards and interpretations

29.1 Standards and interpretations effective and adopted in the current year

In the current year, the Company has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations. The adoption of these standards did not have a material impact on the annual financial statements.

International Financial Reporting Standards and amendments effective for the first time for the 31 December 2023 year end		
Standard	Details of the development	Effective date
<i>Initial Application of IFRS 17 and IFRS 9—Comparative Information</i>	The amendment is a transition option relating to comparative information about financial assets presented on initial application of IFRS 17. The amendment is aimed at helping entities to avoid temporary accounting mismatches between financial assets and insurance contract liabilities, and therefore improve the usefulness of comparative information for users of financial statements.	Annual periods beginning on or after 1 January 2023.
<i>Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)</i>	<p>Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) amends IAS 1 in the following ways:</p> <ul style="list-style-type: none"> • An entity is now required to disclose its material accounting policy information instead of its significant accounting policies; • several paragraphs are added to explain how an entity can identify material accounting policy information and to give examples of when accounting policy information is likely to be material; • the amendments clarify that accounting policy information may be material because of its nature, even if the related amounts are immaterial; • the amendments clarify that accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements; and • the amendments clarify that if an entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information. <p>In addition, IFRS Practice Statement 2 has been amended by adding guidance and examples to explain and demonstrate the application of the 'four-step materiality process' to accounting policy information in order to support the amendments to IAS 1.</p>	Annual periods beginning on or after 1 January 2023.

29.1 Standards and interpretations effective and adopted in the current year continued

International Financial Reporting Standards and amendments effective for the first time for the 31 December 2023 year end		
Standard	Details of the development	Effective date
<i>Definition of Accounting Estimates (Amendments to IAS 8)</i>	<p>The amendments introduced the definition of accounting estimates and included other amendments to IAS 8 to help entities distinguish changes in accounting estimates from changes in accounting policies.</p> <p>The definition of a change in accounting estimates has been replaced with a new definition which defines accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”.</p> <p>Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.</p> <p>The Board clarifies that a change in accounting estimate that results from new information or new developments is not the correction of an error. In addition, the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors.</p> <p>A change in an accounting estimate may affect only the current period's profit or loss, or the profit or loss of both the current period and future periods. The effect of the change relating to the current period is recognised as income or expense in the current period.</p> <p>The effect, if any, on future periods is recognised as income or expense in those future periods.</p>	Annual periods beginning on or after 1 January 2023.
<i>Classification of Liabilities as Current or Non-current – Amendment to IAS 1</i>	<p>The amendments clarify a criterion in IAS 1 for classifying a liability as non-current: the requirement for an entity to have the right to defer settlement of the liability for at least 12 months after the reporting period.</p> <p>The amendments:</p> <ul style="list-style-type: none"> • specify that an entity's right to defer settlement must exist at the end of the reporting period; • clarify that classification is unaffected by management's intentions or expectations about whether the entity will exercise its right to defer settlement; • clarify how lending conditions affect classification; and • clarify requirements for classifying liabilities an entity will or may settle by issuing its own equity instruments. 	Annual periods beginning on or after 1 January 2023.

29.1 Standards and interpretations effective and adopted in the current year...continued

International Financial Reporting Standards and amendments effective for the first time for the 31 December 2023 year end		
Standard	Details of the development	Effective date
<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>	<p>The amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. The amendments are effective for annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted.</p> <p>The amendment requires companies, at the beginning of the earliest comparative period presented:</p> <ul style="list-style-type: none"> • to recognise a deferred tax asset – to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised – and a deferred tax liability for all deductible and taxable temporary differences associated with: <ul style="list-style-type: none"> - right-of-use assets and lease liabilities; and - decommissioning, restoration and similar liabilities, and the corresponding amounts recognised as part of the cost of the related asset; and • to recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at that date. This will reflect the opening position, without the need for full retrospective application. The Board concluded that this transition approach would make the amendments easier and less costly to apply than a full retrospective approach, while still achieving their objective. 	Annual periods beginning on or after 1 January 2023.

29 New standards and interpretations

29.2 Standards effective but not applicable

Certain new accounting standards and interpretations that are not applicable for entity for the 31 December 2023 reporting period are listed below:

- Classification of Liabilities as Current or Non-current – Amendment to IAS 1", is effective from 1 January 2024;
- International Tax Reform—Pillar Two Model Rules (Amendments to IAS 12);
- IFRS 17: Insurance Contracts.

NOTICE OF THE ANNUAL GENERAL MEETING

This document is important and requires your immediate attention

If you are in any doubt about what action you should take, consult your broker, central securities depository participant ("CSDP"), legal adviser, banker, financial adviser, accountant or other professional adviser immediately.

Included in this document are:

- The notice of the annual general meeting (**AGM**), setting out the resolutions to be proposed at the meeting, together with explanatory notes.
- Guidance notes on how to participate in the AGM electronically which can be found on page 63. There are also guidance notes if you wish to attend and vote at the meeting (for which purpose the virtual meeting connection information is included) or to vote by proxy which can be found on page 64 of this notice.
- A proxy form for use by shareholders holding MTN Zakhele Futhi shares in certificated form or recorded in sub-registered electronic form in "own name".

If you have disposed or otherwise transferred all your shares in MTN Zakhele Futhi, please forward this notice of AGM, proxy form and accompanying documents, to the purchaser or transferee of such shares or the broker, banker or other agent through whom the sale or transfer was effected, for transmission to the purchaser or transferee.

This document is available in English, Zulu and Sotho on the Company's website at –[https://www.mtnzakhelefuthi.co.za](https://www.mtnzakhelefuthi.co.za/investor-relations) /investor-relations under the section titled "Notice to Annual General Meetings" and the annual report is available at <https://www.mtnzakhelefuthi.co.za/agm>

Shareholders are advised that as the AGM will be held virtually, physical attendance will not be possible, and the AGM will only be accessible through electronic communication, as permitted by the Listings Requirements (Listings Requirements) of the JSE Limited (JSE) and the provisions of the Companies Act, No. 71 of 2008, as amended (Companies Act) and the Company's memorandum of incorporation, as amended (MOI).

Notice to shareholders

Notice is hereby given to shareholders of MTN Zakhele Futhi that, the 8th AGM of the Company will be held entirely by way of electronic communication as contemplated in section 63(2)(a) of the Companies Act at [/https://mtnzakhelefuthi.vagm.africa](https://mtnzakhelefuthi.vagm.africa) on Wednesday, 10 April 2024 at 09:00 (South African time), to: (i) consider and, if deemed fit to pass, with or without modification, the ordinary and special resolutions set out in this notice of AGM, in the manner required by the Companies Act, as read with the Listings Requirements and the MOI; and (ii) deal with such other business as may lawfully be dealt with at the AGM.

The board of directors of the Company (**Board**) has, in accordance with section 62(3)(a), read with section 59 of the Companies Act, set the following record dates for determining the entitlement of shareholders:

	South African dates
Record date to determine the shareholders entitled to receive the notice of the AGM	Friday, 1 March 2024
Posting date of the notice of AGM	Friday, 8 March 2024
Last date to trade to be eligible to participate in and vote at the AGM	Tuesday, 2 April 2024
Record date to be eligible to participate in and vote at the AGM	Friday, 5 April 2024
Forms of proxy to be lodged for administrative purposes by no later than 09:00 (South African time) on	Monday, 8 April 2024
AGM to be held at 09:00 (South African time) on	Wednesday, 10 April 2024
Results of AGM to be released on or about	Thursday, 11 April 2024

No share certificates may be dematerialised or rematerialised between Wednesday, 3 April 2024 and Friday, 5 April 2024, both days inclusive.

Due to: (i) the shareholder accessibility of an electronic AGM; and (ii) the MOI of MTN Zakhele Futhi allowing the Company to hold its general meetings and AGMs (as the case may be) entirely by way of electronic communication as contemplated in section 63(2)(a) of the Companies Act, the Board has, in the circumstances, determined that it is prudent and preferable that the upcoming AGM be held entirely by way of electronic participation, and not by way of a physical meeting. Accordingly, the AGM will only be accessible through electronic communication, as permitted by the JSE and in accordance with the provisions of the Companies Act and the MOI. Shareholders will have the opportunity to cast their votes electronically through the iProxy platform prior to the meeting, or send in their proxy forms, or to participate and/or vote online, using their smartphone, tablet or computer, subject to the provisions applicable to dematerialised shareholders without own-name registration. Please refer to pages 62 to 67 of this notice of AGM for details on how to participate in the meeting. The iProxy platform will be available from 09:00 (South African time) on Friday, 15 March 2024.

Shareholders will be liable for their own network charges in relation to electronic participation in and/or voting at the AGM. Any such charges will not be for the account of the JSE, the Company or any service provider retained for purposes of hosting and/or facilitating the electronic AGM. None of the JSE, the Company or any such service provider can be held accountable in the case of loss of network connectivity or other network failure due to insufficient airtime, internet connectivity, internet bandwidth and/or power outages which prevents any such shareholder from participating in and/or voting at the AGM.

Identification of meeting participants

Shareholders are further advised that in terms of section 63(1) of the Companies Act, any person (including duly appointed proxies) attending or participating at the AGM must present reasonably satisfactory identification before being entitled to attend or participate in and vote at the AGM. The Company has retained the services of Ince Proprietary Limited to provide the voting platform and the webcast, and to validate (in consultation with the Company and, in particular, the Company's transfer secretaries, Nedbank Limited (acting through its Share Scheme Administration business unit), and your CSDP) each shareholder's entitlement to participate in and/or vote at the AGM, before providing you with the necessary means to access the AGM and the associated voting platform.

Shareholders are advised, and strongly encouraged, to participate in the AGM electronically and, for administrative ease, to make use of the online proxy platform as outlined in this notice ahead of the meeting, subject to the provisions applicable to dematerialised shareholders without own-name registration.

The proposed revised remuneration is considered to be fair and reasonable and in the best interests of the Company.

The percentage of voting rights required for special resolution number 1 to be adopted shall be at least 75% (seventy five percent) of the votes cast by all shareholders present in person, or represented by proxy, at the AGM.

3.2 Special resolution number 2

Proposed financial assistance by the company in the form of a loan, a guarantee or the provision of security

“Resolved that, to the extent required by section 44 of the Companies Act, the Board may, subject to compliance with the requirements of the Companies Act and the MOI, authorise the Company to provide direct or indirect financial assistance by way of loan, guarantee, the provision of security, or otherwise to any person (including without limitation to a related or interrelated company or corporation, or to a member of a related or inter-related corporation, or to a person related to any such company or corporation, or to any person which participates in the continued listing of, and/or facilitation of the custody, trading and/or transfer of, the Company’s ordinary shares, whether on the JSE or otherwise, for the purpose of or in connection with the acquisition of ordinary shares in the Company, such authority to endure for a period of two years from the date of this resolution”.

Special resolution number 2 authorises the Board to grant indemnities and/or other financial assistance to any person, including but not limited to any entity appointed by the Company as custodian of the dematerialised ordinary shares of the Company and to facilitate the trading and/or transfer of the Company’s ordinary shares on the JSE (including pursuant to the facilitated trading process offered by the Company to the holders of the Company’s ordinary shares), the JSE, relevant market participants (including members of the JSE, the registered holders of ordinary shares in the Company, the central securities depository participants and/or relevant intermediaries) and other third party service providers, in relation to the ongoing custody, trading and/or transfer of the Company’s ordinary shares, which may result in the Company providing direct or indirect financial assistance within the meaning of section 44

of the Companies Act, in connection with the acquisition of ordinary shares in the Company.

The above resolution authorises the Board to grant such financial assistance, subject to compliance with the requirements of the MOI and the Companies Act.

The percentage of voting rights required for special resolution number 2 to be adopted shall be as a special resolution under the Companies Act, 75% of the voting rights exercised on special resolution number 2 by all holders of shares in the Company (all classes voting).

Operative time of resolutions

Other than expressly provided otherwise, all resolutions will be immediately operative once approved by the requisite majority of shareholders.

Voting procedures

Voting at the AGM will be undertaken electronically. An electronic voting service will be available that will enable all eligible shareholders who attend to vote at the meeting, subject to the provisions applicable to dematerialised shareholders without own-name registration. Voting on all resolutions will be conducted by way of a poll. The registrars will identify each shareholder's individual shareholding as at the voting record date for the AGM so that the number of votes that each shareholder has at the meeting will be linked to the number of votes which each shareholder will be able to exercise at the meeting. Shareholders who have completed and returned forms of proxy, including any proxy completed and returned via the online proxy platform will not need to vote at the meeting. The voting process for shareholders who elect to participate electronically is detailed in the online shareholder's guide on page 62. Shareholders are encouraged to participate and use the form of proxy or the online voting service to ensure all shareholders' votes are counted, subject to the provisions applicable to dematerialised shareholders without own-name registration.

Voting and proxies

Certificated shareholders and dematerialised shareholders who hold their shares with "own-name" registration entitled to attend and vote at the meeting may appoint one or more individuals as proxies to attend, participate and vote in their stead. A proxy does not have to be a shareholder of the Company but must be an individual. The appointment of a proxy will not preclude the shareholder who appointed that proxy from attending the AGM and participating and voting in person thereat to the exclusion of any such proxy. A form of proxy for use at the meeting is attached and must be submitted by all individuals attending as proxies, together with a certified copy of the SA ID of the shareholder and the proxy.

The duly completed instrument appointing a proxy and the authority, if any, under which it is signed must be lodged by shareholders with the Company's transfer secretaries, Nedbank Limited, acting through its Share Scheme Administration business unit, registration number: 1951/000009/06, at 135 Rivonia Road, Sandown, Johannesburg, 2193 or by email at email address: ssa-zakhelefuthi@Nedbank.co.za prior to the commencement of the meeting to be held at 09:00 (South African time) on Wednesday, 10 April 2024 and for administrative purposes shareholders are requested to lodge all such documents by no later than 09:00 (South African time) on Tuesday, 8 April 2024. The name and address details of the transfer secretaries are given on the back of the proxy form.

The attention of shareholders is directed to the additional notes contained in the form of proxy included in this notice on page 63. The attached form of proxy is provided to shareholders for their convenience. Shareholders are not obliged to use the attached form and may appoint a proxy in writing under section 58 of the Companies Act. A summary of the provisions of this section is included in the appendix to the notice of AGM.

Dematerialised shareholders without own-name registration must instruct their CSDP, broker or nominee as to how they wish to vote. The voting instructions must reach the CSDP, broker or nominee in sufficient time to allow the CSDP, broker or nominee to advise the Company or the Company's transfer secretaries, Nedbank Limited (acting through its Share Scheme Administration business unit) of their instructions by no later than 09:00 (South African time) on Monday, 8 April 2024, for administrative purposes.

Dematerialised shareholders without own-name registration who wish to attend, participate electronically in and/or vote at the AGM are required to first contact and/or instruct their CSDP, broker or nominee to issue them with the necessary letters of representation in terms of the custody agreement entered into between the dematerialised shareholder and their CSDP, broker or nominee to do so and following the procedure above. For administrative purposes, shareholders are requested to lodge the letters of representation with the Company's registrars by no later than 09:00 (South African time) on Monday, 8 April 2024.

Explanatory Notes to the Resolutions Proposed at the Annual General Meeting of the Company

for the year ended 31 December 2023

For any assistance or information, please phone Nedbank Limited, acting through its Share Scheme Administration business unit on +27 83 900 6863.

Re-election of directors retiring by rotation at the AGM – ordinary resolution number 1.1 to 1.2

Clauses 24.7 and 24.8 of the MOI, *inter alia*, require not less than one-third of the directors (including MTN Group Nominated Directors), to retire from office at the conclusion of each AGM and for those directors, being eligible for re-election, to be re-elected by shareholders. Sindi Mabaso-Koyana and Edward Pitsi having retired by rotation in terms of the MOI and, being eligible, offers themselves for re-election as a director of the Company. Their biographical details are set out on pages 2 to 3.

Election of the audit committee – ordinary resolution numbers 2.1 to 2.3

Section 94 of the Companies Act, requires, among other things, that at each AGM of a public company the shareholders elect an audit committee comprising at least three members who are non-executive directors of the Company. Regulation 42 of the Companies Regulations, 2011 requires that, at least one-third of the members of a Company's audit committee at any particular time must have academic qualifications, or experience, in economics, law, corporate governance, finance, accounting, commerce, industry, public affairs or human resource management. The Board has reviewed the composition of the audit, risk and compliance committee against the requirements of the Companies Act and has confirmed that the committee complies with the relevant regulatory requirements and that the members have the necessary knowledge, skills and experience to enable the committee to perform its duties in terms of these requirements. The Board therefore recommends the election of the members proposed in ordinary resolution numbers 2.1 to 2.3.

Re-appointment of external auditors – ordinary resolution number 3

Section 90(1) of the Companies Act requires a public company to appoint an auditor each year at its AGM. The audit, risk and compliance committee considered the independence of the external auditors during the year and assessed the skills, reporting and overall performance of SizweNtsalubaGobodo Grant Thornton Inc. (as external auditors) and has satisfied itself that the external auditors comply with the requirements of section 90(2) and 90(3) of the Companies Act and section 22 of the Listings Requirements, and accordingly recommends their reappointment as the Company's external auditors.

Remuneration payable to directors – special resolution number 1

In terms of sections 66(8) and (9) of the Companies Act, the Company may remunerate its directors for their services as directors only in accordance with a special resolution approved by the shareholders within the previous two years. In terms of clause 26.1 of the MOI, the directors are entitled to such remuneration as the shareholders of the Company in general meeting may from time to time determine, but subject to the limits on administration costs applicable to the Company under clause 3 of Annexe A to the MOI, and the Transaction Documents (as defined in the MOI). In addition, in terms of clause 26.2 of the MOI, the directors shall be paid all reasonable expenses in travelling (including hotels) to and from meetings of the directors and shareholders, and the members of the board committees shall be entitled to all reasonable expenses in travelling (including hotels) to and from meetings of the members of the board committees.

Special resolution number 1 is proposed in order to comply with the requirements of the Companies Act and the MOI. The rates referred to in this special resolution number 1 have been selected to ensure that the remuneration of directors remains competitive in order to enable the Company to retain and attract persons of the calibre, appropriate capabilities, skills and experience required in order to make meaningful contributions to the Company.

Proposed financial assistance by the Company in the form of a loan, a guarantee or the provision of security- special resolution number 2

In relation to the proposed replacement of Nedgroup Private Wealth Stockbrokers Proprietary Limited (NPW) as the trading and custody entity for the holders of the Company's ordinary shares (including such shares held by shareholders which elect to use the facilitated trading process which was established by the Company at the time of the listing of the Company's ordinary shares on the JSE during November 2019) and in the context of such ongoing custody arrangements and facilitated trading and/or transfer processes, the Company will be required to pay fees and costs and grant indemnities and other financial assistance to various parties, including but not limited to such replacement service provider, the JSE, relevant market participants (including members of the JSE, the registered holders of ordinary shares in the Company, the central securities depository participants and/or relevant intermediaries) and other third party service providers, which may result in the Company providing financial assistance in connection with the acquisition of ordinary shares in the Company within the meaning of section 44 of the Companies Act.

Special resolution number 2 is to authorise the Board to grant such financial assistance, subject to compliance with the requirements of the MOI and the Companies Act.

Section 44 of the Companies Act provides, among other things, that such direct or indirect financial assistance must be provided only pursuant to a special resolution of shareholders, adopted within the previous two years, which approved such financial assistance either for the specific recipient or generally for a category of potential recipients and the specific recipient falls within that category and the board must be satisfied that (i) immediately after providing the financial assistance, the Company would satisfy the solvency and liquidity test provided for in section 4 of the Companies Act, and (ii) the terms under which the financial assistance is proposed to be given are fair and reasonable to the Company

Summary of applicable rights established in section 58 of the Companies Act No 71 of 2008, as amended

For purposes of this summary, the term “shareholder” shall have the meaning ascribed thereto in section 57(1) of the Companies Act.

1. At any time, a shareholder of a company is entitled to appoint any individual, including an individual who is not a shareholder of that company, as a proxy to participate in, speak and vote at a shareholders’ meeting on behalf of the shareholder.
2. A proxy appointment must be in writing, dated and signed by the relevant shareholder.
3. Except to the extent that the memorandum of incorporation of a company provides otherwise –
 - 3.1 a shareholder of the relevant company may appoint two or more persons concurrently as proxies, and may appoint more than one proxy to exercise voting rights attached to different securities held by such shareholder; and
 - 3.2 a copy of the instrument appointing a proxy must be delivered to the relevant company, or to any other person on behalf of the relevant company, before the proxy exercises any rights of the shareholder at a shareholders meeting.
4. Irrespective of the form of instrument used to appoint a proxy –
 - 4.1 the appointment of the proxy is suspended at any time and to the extent that the shareholder who appointed that proxy chooses to act directly and in person in the exercise of any rights as a shareholder of the relevant company; and
 - 4.2 should the instrument used to appoint a proxy be revocable, a shareholder may revoke the proxy appointment by cancelling it in writing, or making a later inconsistent appointment of a proxy, and delivering a copy of the revocation instrument to the proxy and the relevant company.
5. The revocation of a proxy appointment constitutes a complete and final cancellation of the proxy’s authority to act on behalf of the relevant shareholder as of the later of the date –
 - 5.1 stated in the revocation instrument, if any; or
 - 5.2 upon which the revocation instrument is delivered to the proxy and the relevant company as required in section 58(4)(c)(ii) of the Companies Act.
6. Should the instrument appointing a proxy or proxies have been delivered to the relevant company, as long as that appointment remains in effect, any notice that is required by the Companies Act or the relevant company’s memorandum of incorporation to be delivered by such company to the shareholder must be delivered by such company to –
 - 6.1 the shareholder, or
 - 6.2 the proxy or proxies if the shareholder has in writing directed the relevant company to do so and has paid any reasonable fee charged by the company for doing so.
7. A proxy is entitled to exercise, or abstain from exercising, any voting right of the relevant shareholder without direction, except to the extent that the memorandum of incorporation of the relevant company or the instrument appointing the proxy provide otherwise.
8. If a company issues an invitation to shareholders to appoint one or more persons named by such company as a proxy, or supplies a form of instrument for appointing a proxy –
 - 8.1 such invitation must be sent to every shareholder who is entitled to receive notice of the meeting at which the proxy is intended to be exercised;
 - 8.2 the company must not require that the proxy appointment be made irrevocable; and
 - 8.3 the proxy appointment remains valid only until the end of the relevant meeting at which it was intended to be used, unless revoked as contemplated in section 58(5) of the Companies Act.

How to participate in the Annual General Meeting

Certificated and dematerialised own-name registered shareholders may follow the process outlined below.

Dematerialised shareholders without own-name registration who wish to attend, participate electronically in and/or vote at the AGM are required to first contact and/or instruct their CSDP, broker or nominee to issue them with the necessary letters of representation in terms of the custody agreement entered into between the dematerialised shareholder and their CSDP, broker or nominee to do so before accessing the online facility and following the procedure below. For administrative convenience, shareholders are requested to lodge the letters of representation with the Company's registrars by no later than 09:00 (South African time) on Monday, 8 April 2024.

Dematerialised shareholders without own-name registration who do not wish to attend the meeting must instruct their CSDP, broker or nominee as to how they wish to vote. The voting instructions must reach the CSDP, broker or nominee in sufficient time to allow the CSDP, broker or nominee to advise the Company or the Company's transfer secretaries, Nedbank Limited (acting through its Share Scheme Administration business unit) of their instructions by no later than 09:00 (South African time) on Monday, 8 April 2024, for administrative purposes. Dematerialised shareholders without own-name registration who do not wish to attend the AGM must not complete the Form of Proxy.

We encourage shareholders to make use of the iProxy service to cast their votes prior to the meeting, or to participate in and/vote during the online meeting using their smartphone, tablet or computer.

Shareholders who are unable to attend the AGM can, through the online facility, prior to the commencement of the meeting, vote on the resolutions set out on page 63 and page 64 by:

- completing and returning the Form of Proxy attached to this notice on page 63 and page 64; or
- appointing a proxy to attend in their stead; or
- casting their votes electronically through the iProxy platform or USSD platform.

Shareholders are referred below for details on how to register for the AGM and submit their Form of Proxy.

Submit their Form of Proxy by using the easy-to-operate online facility to appoint a proxy to vote at the AGM on their behalf.

Notes to form of proxy

1. Only shareholders who are registered in the register, or in the sub-register of the Company under their 'own-name' on the relevant record date for the meeting may complete a proxy form or alternatively attend the meeting. Beneficial owners who are not the registered holder and who wish to attend the meeting in person may do so by requesting the registered holder, being their Central Security Depository Participant (CSDP), broker or nominee, to issue them with a letter of representation in terms of the custody agreements entered into with the registered holder. Letters of representation must be lodged with the Company's registrars by no later than 09:00 (South African time) on Monday, 8 April 2024.
2. Beneficial owners who are not the registered holder and who do not wish to attend the meeting in person must provide the registered holder, being the CSDP, broker or nominee, with their voting instructions. The voting instructions must reach the registered holder in sufficient time to allow the registered holder to advise the Company or the Company's registrar of their instructions by no later than 09:00 (South African time) on Monday, 8 April 2024 for administrative convenience.
3. A shareholder may insert the name of a proxy or the names of two alternative proxies of his/her/its choice in the space/s provided, with or without deleting "the chairman of the general meeting", but any such deletion or insertion must be initialled by the shareholder. Any insertion or deletion not complying with the foregoing will be declared not to have been validly effected. The person whose name stands first on the proxy form and who is present at the general meeting will be entitled to act as proxy to the exclusion of those whose names follow. In the event that no names are indicated, the proxy shall be exercised by the chairman of the AGM.
4. A shareholder's instructions to the proxy must be indicated by the insertion of an "X" or the relevant number of votes exercisable by that shareholder in the appropriate box provided. An "X" in the appropriate box indicates the maximum number of votes exercisable by that shareholder. Failure to comply with the above will be deemed to authorise the proxy to vote or to abstain from voting at the annual general meeting as he/she/it deems fit in respect of the entire shareholder's votes exercisable thereat. A shareholder or his/her proxy is not obliged to use all the votes exercisable by the shareholder or by his/her/its proxy, but the total of the votes cast and in respect of which abstention is recorded, may not exceed the maximum number of votes exercisable by the shareholder or by his/her proxy. The proxy may also vote or abstain in respect of any other business proposed at the meeting as he/she/it thinks fit.
5. The proxy shall (unless this sentence is struck out and countersigned) have the authority to vote, as he/she deems fit, on any other resolution which may validly be proposed at the meeting, including in respect of any proposed amendment to the above resolutions. If the foregoing sentence is struck out, the proxy shall be deemed to be instructed to vote against any such proposed additional resolution and/or proposed amendment to an existing resolution as proposed in the notice to which this form is attached.
6. To be effective, completed proxy forms and the authority, if any, under which it is signed must be lodged at the Company's South African transfer secretaries at the address, fax number or email address stipulated below prior to the time appointed for the holding of the meeting and shareholders are requested to lodge all such documents by no later than 09:00 (South African time) on Monday, 8 April 2024.
7. The completion and lodging of this proxy form will not preclude the relevant shareholder from attending the AGM and speaking and voting in person thereat instead of any proxy appointed in terms hereof.
8. The chairman of the AGM may reject or accept any proxy form which is completed and/or received other than in compliance with these notes.
9. Any alteration to this proxy form, other than a deletion of alternatives, must be initialled by the signatory.
10. Documentary evidence establishing the authority of a person signing this proxy form in a representative or other legal capacity must be attached to this proxy form, unless previously recorded by the Company or waived by the chairperson of the AGM.
11. Where there are joint holders of shares:
 - 11.1 any one holder may sign the proxy form; and
 - 11.2 the vote of the senior shareholder (for which purpose seniority will be determined by the order in which the names of the shareholders appear in the Company's register) who tenders a vote (whether in person or by proxy) will be accepted to the exclusion of the vote(s) of the other joint shareholders.
12. A minor must be assisted by his/her parent or legal guardian, unless the relevant documents establishing his/her legal capacity are produced or have been registered by the transfer secretaries.
13. A proxy may not delegate his/her authority to act on behalf of the shareholder, to another person.
